

Measure development of Kyushu

Industrial growth strategy in Kyushu・Okinawa (Earth Strategy)

Advancement efforts for all of Kyushu. The four strategic fields work together to aim for sustainable development as a gateway in Asia. Formulated in March 2014, and revised with an emphasis on cross-sectional measures based on new situational changes in July 2018.

Strategy Field

Energy & Environment

- Clean and economical energy supply region
→ advanced hydrogen area
→ based on geothermal, ocean energy, etc.
- Producing and developing next-generation automobiles in Kyushu as a base
- The advanced energy management system
- Leading region of energy and environment industry in Asia

Health

- Industrial creation of the preventive care and health enhancement service which aim at a healthy long life
- Promotion of entry and overseas deployment to the medical equipment field
- Creation of the new industry in advanced medicine and the medical treatment field
- Activation of functionality and health food related industry
- Promotion of cosmetics related industry

Agriculture

- Sales promotion in overseas market
- Development market channel and establishing optimal production system
- The marketing effort of "KYUSHU-BRAND"
- Strengthening logistics and a transit system
- Expansion of a business scale/ Construction of stable supply system
- Utilizing the renewable energy produced in a farm village
- Development of farming, mountain and fishing villages

Tourism

- Implementing second strategy of tourism in Kyushu
- Establishment of the Kyushu brand image
- Tourism infrastructure development
- Promotion of "visits Kyushu"
- Promotion of visitor's stay / consumption
- Linkage with Cool Japan

Cross-sectional Measures

Internationalization

- Utilization of global human resources, such as foreign students
- Promote international development of small and medium enterprises
- Vitalize foreign direct investment in Japan
- Social construction/work style reform for everyone to participate
- Training of expert human resources, etc., through industry-academia-government collaboration
- Early maintenance of the Kyushu Expressway Network
- Strengthening the airport gateway functionality
- Strengthening port functionality

Industrial human resources

Infrastructure maintenance

Manufacturing base

ICT/IoT etc. (the 4th Industrial Revolution)

- Promote utilization of IoT
- Promoting information dissemination overseas
- Create venture businesses that can be active globally
- Support for university-originated ventures

Start-up / venture

Promoting unified Kyushu business exchange and information dissemination

- Utilizing a large-scale international sporting event to create business and disseminate info
- New demand acquisition and creation of business beyond industrial fields

Cooperation between Kyushu and Okinawa

- Business creation in the sports and health care fields
- Asian expansion utilizing the Naha Airport International Logistics Hub functionality
- Cooperative luring of international cruise ships

Kyushu Economy International (KEI)

Kyushu Economy International (<http://www.kyushu-kei.org/en/>)

○ Kyushu Economy International (KEI) was established as the primary organization for international economic exchanges in Kyushu in July 2001, as a cooperative venture between local governments, economic bodies, private companies, etc. in Kyushu.

○ In order to revitalize Kyushu and stimulate its autonomous development through international exchanges in industry, human resources, and more, it aims to publicize comprehensive information on Kyushu's appealing environment as a business location, its tourism resources, etc. to foreign countries and regions. Alongside this, it aims to promote the creation of innovation as well as balanced regional development through industrial exchange and the selection of Kyushu as a business location by inviting both domestic and overseas companies to visit.

Organization

Chairman	Chairman, Kyushu Economic Federation
Vice-Chairman	Chairman, Kyushu Federation of Chambers of Commerce and Industry
Members	Each Prefecture, Each Government Ordinance, Economic bodies, Industry Support Organization, Financial Institutions and Other Private Companies
Support organizations	Organization for Small & Medium Enterprises and Regional Innovation, Kyushu Branch Japan External Trade Organization (JETRO) Each Prefecture's Trade Information Center Japan International Cooperation Agency (JICA) Kyushu International Center (JICA Kyushu), Others
Adviser	Director, Kyushu Bureau of Economy, Trade and Industry (METI Kyushu) Director, Kyushu District Transport Bureau
Secretary-general	Senior Managing Director, Kyushu Economic Federation
Participation	Director-General, International Affairs Department, METI Kyushu Kyushu District Transport Bureau Tourism Department Director
Executive Office	Director-General, International Affairs Department, Kyushu Economic Federation
Director	Kyushu Economic Federation International Affairs Department
Secretariat	International Affairs Department, METI Kyushu

Outline of operation

- Planning and arrangements for internationalization strategies, etc.**
Discussing surveys and plans deemed useful and effective when conducted around Kyushu
- Creation and sharing of information «Imparting information about Kyushu»**
Imparting information about the investment environment and economy-related programs in Kyushu through the website and PR sources
- Industrial exchange «Industrial exchange between Kyushu and foreign countries»**
① Programs for economic and business exchanges with Asia (targeting the Pan-Yellow Sea Economic Zone, China, South Korea, and ASEAN); ② Programs for sharing the latest information about overseas operation locations and market trends, the ways of using support programs, and overseas business and the global economy, through holding seminars, etc.; ③ Programs for supporting overseas operations, including participating in business exhibitions abroad, and holding business talk sessions with buyers specializing in foreign markets, in order to support local companies' expansion of their markets into Asia and establishing overseas operations
- Stimulating the establishment of business «Support for the invitation of overseas enterprises»**
Holding business invitation seminars and workshops targeting decision-makers, in order to promote the invitation of overseas enterprises effective for the revitalization of the regional economy
- Human exchange «Relationship building with international students»**
Holding networking events and job-hunting interview sessions, in order to promote mutual understanding continued relationships with international students, who will be the bridge between Kyushu-based companies operating abroad and foreign countries

PROFILE OF KYUSHU 2019

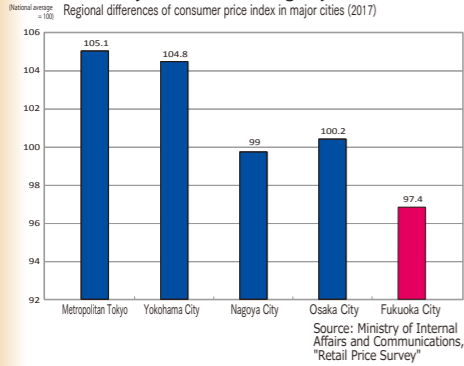

Kyushu – Gateway to Asia

Infrastructure information of Kyushu

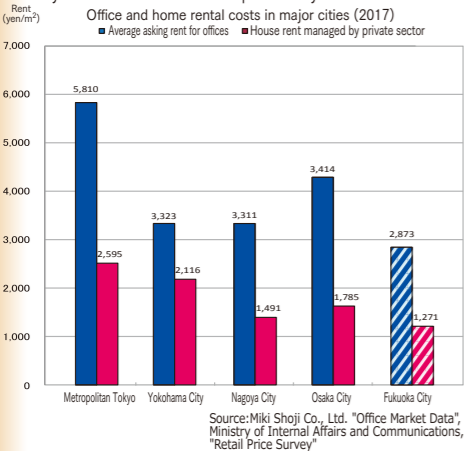

Advantage of Kyushu's infrastructure

The regional difference index of consumer prices in Fukuoka City is the lowest among major cities.

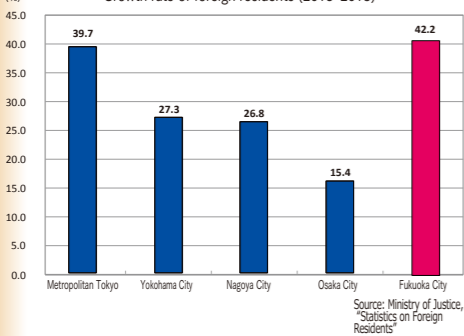

Regional differences of consumer price index in major cities (2017)

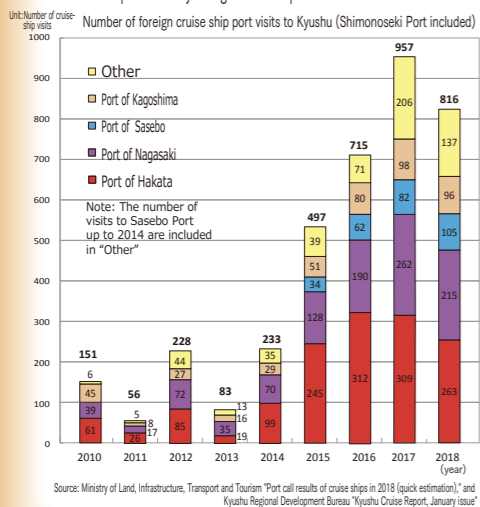

Office and home rental costs in Fukuoka City are about half of what they are in the 23 wards of Metropolitan Tokyo.

The rate of growth of foreign residents in Fukuoka City is top among major cities.

Port of Hakata is ranked first, and Port of Nagasaki is ranked third in the country for number of port visits by foreign cruise ships.

Convenience in access to Asian countries

Kyushu has efficient connections to Asia.

Flight time is shorter than that to/from Tokyo by approximately one hour or more.

	Fukuoka	Tokyo (Narita)
Airport to the downtown area	10 min.	50 min.
Busan (South Korea)	55 min.	2 h. 30 min.
Seoul (South Korea)	1 h. 30 min.	2 h. 45 min.
Shanghai (China)	1 h. 50 min.	3 h. 40 min.
Taipei (Taiwan)	2 h. 40 min.	4 h. 15 min.
Hong Kong	4 h.	5 h. 30 min.
Ho Chi Minh (Vietnam)	5 h. 30 min.	6 h. 55 min.
Bangkok (Thailand)	6 h.	7 h. 15 min.
Singapore	6 h. 45 min.	7 h. 45 min.

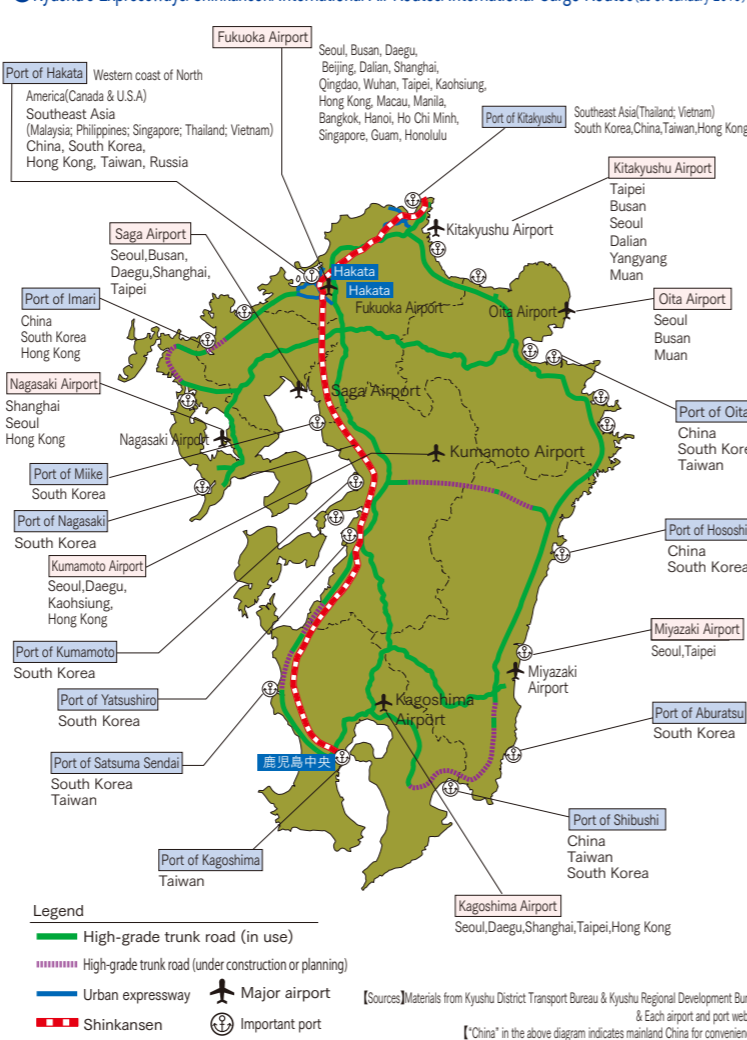

Each airport website

Kyushu is as near to major cities in the rest of Asia as to those in Japan.

Major cities in Japan	Major cities in the rest of Asia
Hiroshima 208km	Busan (South Korea) 209km
Osaka 486km	Seoul (South Korea) 539km
Tokyo 881km	Shanghai (China) 883km
	Qingdao (China) 958km
	Dalian (China) 986km
Sapporo 1,417km	Beijing (China) 1,432km

Geospatial Information Authority of Japan Website

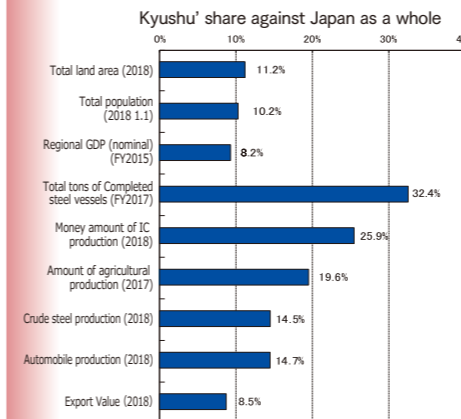

Kyushu's Expressways/Shinkansen/International Air Routes/International Cargo Routes(as of January 2019)

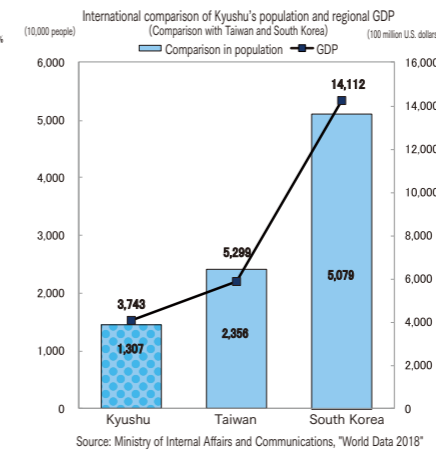

Scale of Kyushu's economy

Kyushu has a scale of economy equivalent to that of Norway.

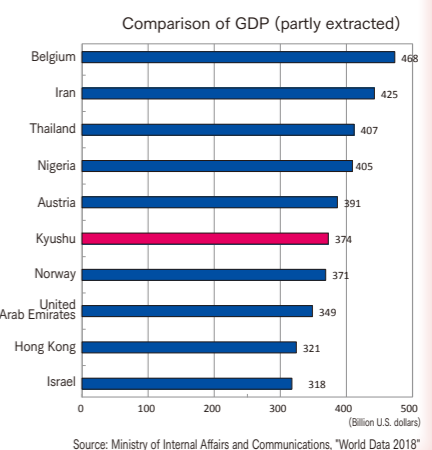

- Kyushu, located in the southwestern part of the Japanese archipelago, comprises seven prefectures: Fukuoka, Saga, Nagasaki, Kumamoto, Oita, Miyazaki, and Kagoshima.
- Kyushu has a population of 13 million (10.2% of Japan's population), and accounts for about 10% of Japan as a whole in area and economic indicators, including GDP, consequently being called a "10% economy."
- The gross regional Domestic product of Kyushu shows a scale of economy equivalent to that of Norway (ranked 30st in the world).

Kyushu's major industries

Kyushu is a leading automobile production center in Japan.

Kyushu, where Toyota Motor Kyushu, Inc., Nissan Motor Kyushu Co., Ltd., Daihatsu Motor Kyushu Co., Ltd. and Nissan Shatai Kyushu Co., Ltd. are operating, has an automobile production capacity of over 1.5 million units, accounting for about 14% of that of Japan as a whole. Additionally, Honda Motor Co., Ltd. manufactures motorcycles at its Kumamoto Factory.

Source: Data compiled by the Kyushu Bureau of Economy, Trade and Industry

Kyushu is the major base for food production in Japan.

Kyushu's agricultural production accounts for about 20% of that of entire Japan.

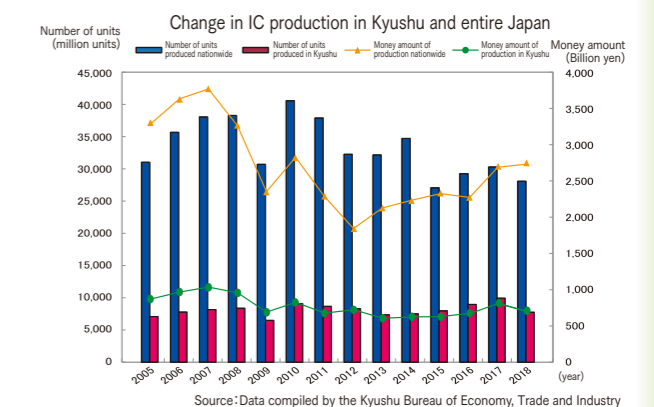

Production amount of major agricultural products (in descending order) in 2016 (Unit: 100 million yen)

Agricultural products	Kyushu	Nationwide	The national ratio
1 Beef cattle	3,015	7,334	41.1%
2 Rice	1,779	16,579	10.7%
3 Pig	1,750	6,162	28.4%
4 Broiler chicken	1,626	3,452	47.1%
5 Tomatoes	767	2,574	29.8%
6 Chicken eggs	704	5,192	13.6%
7 Raw milk	674	7,406	9.1%
8 Strawberries	568	1,749	32.5%
9 Mandarin oranges	541	1,761	30.7%
10 Cucumbers	350	1,538	22.8%
11 Sweet potatoes	316	1,034	30.6%
12 Potatoes	250	1,358	18.4%
13 Tea (raw leaf)	245	612	40.0%
14 Green onion	222	1,709	13.0%
15 Eggplants	209	886	23.6%
Total output	18,204	93,051	19.6%

High-value-added semiconductors

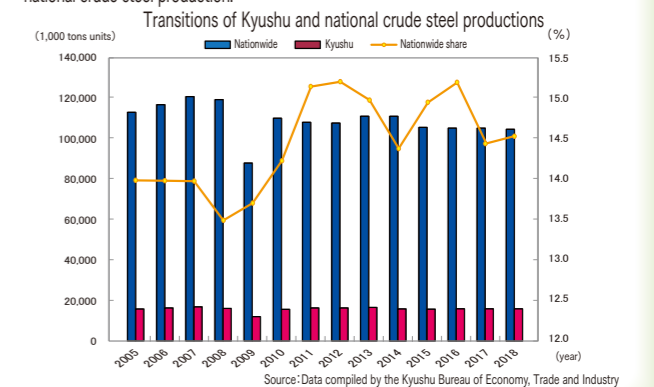

Sony Semiconductor Manufacturing Corporation, known for its CMOS image sensors used in Cameras for Smartphones, the Renesas Group, known for its motor vehicle integrated circuits (microcomputers), and Mitsubishi Electric Power Device Factory, known for its power semiconductors used in household appliances and automobiles, also own factories located in Kyushu.

Source: Data compiled by the Kyushu Bureau of Economy, Trade and Industry

The birthplace of modern steel plants

Yawata Steel Works, which used to be owned by the government and now belongs to Nippon Steel Corporation, is one steel plant located in Kyushu. Kyushu accounts for about 14% of national crude steel production.

MAP of Companies in KYUSHU

Environment/Energy

Company Name	Location	Main Product/Service
1 ENVIRONMENTAL TECHNOLOGY SERVICE CO., LTD.	Fukuoka Prefecture Kitakyushu City	General Consulting on Environmental Technology (Environmental Survey/Analysis, Environmental Consulting/Engineering, etc.)
2 KURINKA Co., Ltd.	Fukuoka Prefecture Munakata City	Water permeable/retentive pavement from recycled clinker ash/Kurinka Road® J
3 ISHIBASHI Manufacturing Co., Ltd.	Fukuoka Prefecture Nogata City	Development and manufacture of speed-increasing gear for wind turbines, design and manufacture of replacement machines for gear increase and reduction machines in general, overhaul and field service
4 SEIBU GIKEN CO., LTD.	Fukuoka Prefecture Kasuga City	Desiccant Dehumidifier, VOC Concentrator, Total Heat Exchanger, Other Specific Air-Conditioners for Industrial Use
5 Otani Chemical Industries Co., Ltd.	Fukuoka Prefecture Kasuga Town	Recycling businesses of precious metals remaining plating waste water
6 1st Solution Corporation	Fukuoka Prefecture Fukuoka City	Sludge-Dehydrating & Processing Technology: "SR Series", "Floc-Man", "Eco-Pouch", "MC (mesh cut) Method".
7 System JD Co., Ltd.	Fukuoka Prefecture Fukuoka City	Photovoltaic Array Tester "SOKODES GF", Inspection & Maintenance Service for Solar Power Generation Systems.
8 LE SYSTEM Co., Ltd.	Fukuoka Prefecture Kurume City	Electrolyte, Battery Cells, System Evaluation etc., that are related to vanadium redox flow battery (VRFB). Other Vanadium Products.
9 NAKASHIMA BUSSAN Co., Ltd.	Fukuoka Prefecture Omuta City	Fine Bubble Generators, Water Treatment Agents for Aquaculture & Agriculture, Fertilizer, Industrial Materials & Products, Air Conditioners, etc.
10 MUROMACHI CHEMICALS INC.	Fukuoka Prefecture Omuta City	Pharmaceutical Ingredients, Healthy Foods, Ion-Exchange Resin/Separation Membranes, Water-Processing Technology "Muromac".
11 YBM Co., Ltd.	Saga Prefecture Karatsu City	Soil-Improving Systems, Pumps, Boring Machines, Various Tools, etc.
12 Ohashi Inc.	Saga Prefecture Kanzaki City	Crushers, Wood Chip Shredders.
13 OMURA CERATEC, Inc.	Nagasaki Prefecture Omiura City	Refractory Material: Sintered alumina, synthetic spinel, cristobalite, C-P chamotte (Cambodia Subsidiary: Wet concrete, secondary concrete product)
14 Nakamura Shobokagaku Co., Ltd.	Nagasaki Prefecture Omiura City	Fire-Fighting Pump Engines, Fire-Fighting Products.
15 KYOWAKIDEN INDUSTRY CO., LTD.	Nagasaki Prefecture Nagasaki City	Water Treatment System Engineering (Seawater Desalination, Waste Water Treatment, Water Purification, Waste Water Recycling, etc.)
16 MITSUBISHI NAGASAKI MACHINERY MFG.CO., LTD.	Nagasaki Prefecture Nagasaki City	Forging Machinery, Vibration Isolators, Magnetic Separators.
17 Ebismarine Co., Ltd.	Nagasaki Prefecture Nagasaki City	Water-Quality Improving Systems: Jet Streamer, Waterbloom Killer, Algae Hunter, Multistreamer etc. Sludge Stirrer: Sludge Streamer
18 ECOFACTORY CO., LTD.	Kumamoto Prefecture Kumamoto City	Radiant Air-Heating & Cooling System: "ecowin" & ecowin HYBRID
19 PowerBankSystem Co., Ltd.	Kumamoto Prefecture Yatsushiro City	Solar Panels (Flexible/Rustless), Independent Solar Generation Systems, High-Insulation FRP Products, Planar Heating Sheets, Heat Storage (Cooling) Sheets.
20 TAKAFUJI Co., Ltd.	Oita Prefecture Oita City	Plant Engineering, Biomass Resource, Geothermal Heat Exchangers for Agriculture and Horticulture), etc.
21 Kiyomoto Co., Ltd.	Miyazaki Prefecture Nobeoka City	Wastewater Treatment System KJF-Type, KJR-Type, Rendering Plant, Wood Pellet Plant.
22 SHUDENSYA CO., LTD.	Miyazaki Prefecture Nobeoka City	Designing/Installing Switch Boards, Electric Instrumentation, Precision-Sheet Metal Processing/ Painting, Maintenance of Motors/Elevators, Manufacture & Sales of Environmental Systems "BUIK SYSTEM".
23 MIYABO Co., Ltd.	Miyazaki Prefecture Miyazaki City	Farm Barrier (Energy-Saving Heat Insulation Paint), Water-Proofing Work, Consulting on Agriculture & Stockbreeding.
24 Fuji Energy Corporation	Kagoshima Prefecture Kagoshima City	Evacuated Glass-Tubed Solar Heat Collectors "Fuji Heat P-SOLAR FSP-2100", Wasted Food Oil Purifying & Fuel-Converter "Fuji Oil Eco Changer".

Automobiles & Associated Industry

Company Name	Location	Main Product/Service
1 TOYOTA MOTOR KYUSHU, INC.	Fukuoka Prefecture Miyawaka City	Automobiles (Completed Automobiles) [LEXUS] ES300h/ES350/ES250/ES200 CT200h/RX450hL/RX450h/RX350L/RX350/RX300 NX300h/RX300/NX200 UX250h/UX200
2 Nissan Motor Kyushu Co., Ltd.	Fukuoka Prefecture Kanda Town	Automobiles (Completed Automobiles)/Serena (For Domestic)/Teana (For Domestic)/X-Trail (For Domestic-Overseas)/Rogue (For Overseas)/Rogue Sport (For Overseas)
3 NISSAN SHATAI KYUSHU CO., LTD.	Fukuoka Prefecture Kanda Town	Automobiles (Completed Automobiles)/Infiniti QX60/PATROL/ARMADA/ELGRAND/NV350CARAVAN
4 Honda Motor Co., Ltd. Kumamoto Factory	Kumamoto Prefecture Ozu Town	Motor Cycles (Gold Wing/CB Series/Super Cub Series, etc.) Power Products (Tillers/Generators, etc.)
5 DAIHATSU MOTOR KYUSHU CO., LTD.	Oita Prefecture Nakatsu City	Automobiles (Completed Automobiles) Mira Toot, Mira e.S., Cast, Wake, Atrai Wagon, Hijet Caddie, Hijet Truck, Hijet Cargo

Saga

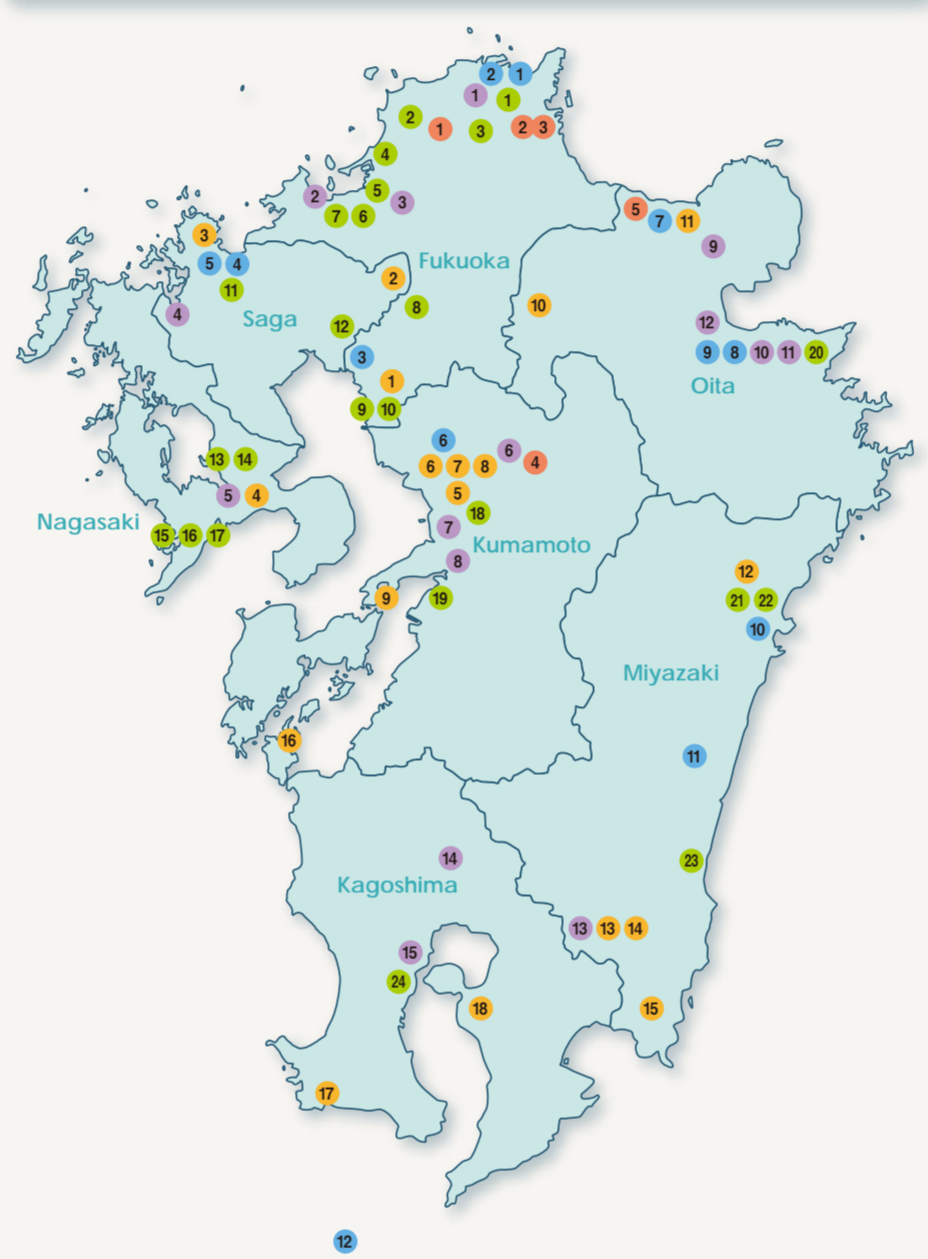

18 A compact-size tree crusher "GS150GH/GHB." Chips can be used for a wide variety of applications such as soil conditioners and mulching materials

19 Cosmetics utilizing the local products of the Karatsu region

20 Dumping with minced mackerel filling and yuzu, green tea, tomato, and sesame kneaded into the dough

21 Ground improvement machines (ground survey, ground improvement, steel pipe casing machines) Foundation Drill Rigs

22 "Super Food 9," a blend of 9 types of seeds and grains such as chia seed, quinoa, soybean, wild rice, etc.

Semiconductors / Electronics / Information Communication

Company Name	Location	Main Product/Service
1 YASKAWA ELECTRIC CORPORATION	Fukuoka Prefecture Kitakyushu City	Robots, Servo Drives, AC Drives, etc.
2 MITSUBISHI ELECTRIC CORPORATION, POWER DEVICE WORKS	Fukuoka Prefecture Fukuoka City	Power Modules, High-Power Devices, Sensors, Transistor Arrays, HVIC, Power Device Wafers.
3 PMT CORPORATION	Fukuoka Prefecture Sue Town	Minimal Fab Mask-Less Exposure, Minimal Foundry Service
4 SUMCO CORPORATION	Saga Prefecture Imari City	Silicon Wafers for Semiconductors.
5 ISAHAYA ELECTRONICS CORPORATION	Nagasaki Prefecture Isahaya City	Module Products (IGBT Drivers, etc.), Discrete Products (Transistors, Diodes, etc.) and others.
6 Sony Semiconductor Manufacturing Corporation	Kumamoto Prefecture Kikyo Town	Semiconductors, mainly CMOS Image Sensors.
7 Renesas Semiconductor Manufacturing Co., Ltd. Kawashiri Factory	Kumamoto Prefecture Kumamoto City	Car-Mounting Microcomputers (RL78 Models, etc.)
8 CHUO DENSHI KOGYO Co., Ltd.	Kumamoto Prefecture Uki City	Entrusted Post-Processing of RF Semiconductors (Hollow Resin-Sealing, etc.), Super-Low-Noise FET, High-Frequency SW.
9 Kyushu Semiconductor KAW Co., Ltd.	Oita Prefecture Kitsu City	Fine-Processing on Wafers, MEMS-related Special Processing, Microchannel Chip Production, etc.
10 Japan Semiconductor Corporation Oita Operations	Oita Prefecture Oita City	Analogue Devices, MCU, System LSI, etc.
11 STK TECHNOLOGY CO., LTD.	Oita Prefecture Oita City	Semiconductor Testers, IC Evaluation/Analysis Service.
12 DENKEN Co., Ltd.	Oita Prefecture Yufu City	Semiconductor Assembly/Appearance Inspection, Solar Cell Testers, Medical Devices for Home Use, Bicycle Parking Management Systems, etc.
13 SYSTEM ENGINEERING CORP.	Miyazaki Prefecture Miyakonojo City	Mask Wafer Alignment, Film-Forming System
14 ULVAC KYUSHU CORPORATION	Miyazaki Prefecture Kirishima City	Sputtering Equipment, Vacuum Evaporation System for Semiconductors, Electronic Devices, Flat Panel Displays, Vacuum Pump and other Components. Sputtering Targets and other Materials.
15 TOGO	Kagoshima Prefecture Kagoshima City	Manufacture and sale of precision press molds (connectors, motor cores, IC lead frames, ultra-precision parts, etc.)

Fukuoka

1 Healthy gluten-free konjac noodles "Rice Shirataki" made using rice flour

2 Walking rehabilitation support tool "Tree," assisting walking with visual and audio instructions

3 VOC (Volatile Organic Compound) concentrator "SKY-SAVE"

4 Provide and support water treatment system, such as water purification and wastewater treatment

5 Minimal Foundry Service (trial production service from 1 chip by minimal mask-less lithography and outsourced deposition process)

Oita

6 Soy sauce made using high-quality water that welled-up in the storage, and a simple miso flavor made using old manufacturing methods

7 Phlegm suction "AMOR SU1," which gently and quietly can perform suction action for phlegm in the trachea continuously for 24 hours

8 Agricultural glasshouse with a geothermal and state-of-the-art environmental control system introduced

9 High voltage, high heat generation burn-in device that performs the pre-shipment operation test while switching multiple conditions automatically

10 Specific reagent "Factor Auto (latex reagent)" product group, which enables rapid examination of various diseases due to blood coagulation/dissolution abnormality

Miyazaki

1 A cordless medical hook "koplight" equipped with LED lights to brightly illuminate areas for surgery

2 Five varieties of sweet potatoes, independently branded, in a size that makes them ideal as snacks

3 A cordless medical hook "koplight" equipped with LED lights to brightly illuminate areas for surgery

4 Hideji Beer is a Kyushu/Miyazaki Prefecture brewery. As the brewery is located at the base of Mt. Mukabaki in the northern part of the prefecture, it brews a beer using high-quality water, and with attention to locally-produced ingredients such as the barley.

5 "Diaphragm-type dry vacuum pump" which realizes a clean vacuum without using oil or liquid

6 Mask alignment device for automatically transferring and baking highly accurate patterns

Nagasaki

1 Movable fire-fighting pump "SYSCUE"

2 Ready-mixed concrete manufacturing plant

3 Jet Streamer, a jet stream-type flow promotion type water purifier that raises jet flow at the bottom of the water to improve water quality

4 Half-Baked Castella, with a new, creamy texture inside and a firm texture on the outside

5 Module products such as IGBT drivers and custom power supply

Kagoshima

1 Farm-raised yellowtail with the highest taste, quality, safety and security, through consistent control of the process from production to shipping jointly with fishery cooperatives and fishermen

2 Globally-rare skin care products with silk as the main ingredient (70% or more)

3 Ultra-high precision press mold (ULTRA - HIGH PRECISION STAMPING DIES)

4 Commercial solar thermal utilization system using vacuum glass tubular solar collector "Fuji Heat P-SOLAR" capable of high temperature collection

5 Honkare-bushi, made from the carefully-selected bonito which is aged over time by craftsmen one by one at Makurazaki, Japan's leading producer of bonito flakes.

Kumamoto

1 HYBRID type air-conditioning system "ecowin HYBRID" that combines a radiation type air-conditioner and a convection type high-performance air conditioner

2 Floating-ocean type photovoltaic power generation system "Ukishima-system"

3 Household adhesive bandage (elastic/waterproof type)

4 Fresh "beefsteak plant" from own farm production

5 Semi-permanent flower arrangement sealed in glass "Glass Bouquet of the Forest," with special dry processing for each flower of an orchid

Medical/Health Care/Cosmetics

Company Name	Location	Main Product/Service
1 Reif Co., Ltd.	Fukuoka Prefecture Kitakyushu City	"Soutenri" (Walking-Rehabilitation Support Tool) Foot Pressure Monitor Insole PIT
2 Kyushu Createmedic Co., Ltd.	Fukuoka Prefecture Kitakyushu City	CT Colonography related Products, Automatic Injector of Carbon Dioxide Gas "RD-A106"/"RD-A106 Tube".
3 FINETEC CO., LTD.	Fukuoka Prefecture Yanagawa City	Cutting Blades for Medical Use.
4 BLOOM CO., LTD.	Saga Prefecture Karatsu City	Analysis & Testing of Cosmetics.
5 Karatsu Style Co., Ltd.	Saga Prefecture Karatsu City	face-cleansing soaps, aesthetic skin-care oil, all-in-one cream for men, diluted-type apple-vinegar drink, etc.
6 LIBATAPE PHARMACEUTICAL CO., LTD.	Kumamoto Prefecture Kumamoto City	Bandages for OTC, Medical Dressings and Hemostatic Plasters for Hospitals, Skin Care and Hair Care Products.
7 TOKSO MEDTEC Co., Ltd.	Oita Prefecture Usa City	Sputum Suction Units, Nebulizers, Cuff Pressure Controllers, Suction Tubes.
8 AIVS Co., Ltd. (Advanced Information Valuable Service)	Oita Prefecture Oita City	"MIMAMORI SYSTEM", Environmental Inspection Systems (Water Quality Test, Atmospheric Measurement, Septic Chamber Management System, etc.)
9 Q-may Laboratory Corporation	Oita Prefecture Oita City	Coagulation/Fibrinolysis Inspection Reagents, Infectious Disease Inspection Reagents.
10 Yasui Co., Ltd.	Miyazaki Prefecture Kadogawa Town	"koplight ®", Medical Retractor.
11 ULVAC KIKO, Inc.	Miyazaki Prefecture Saito City	Protection of Small Vacuum Pumps & Small Vacuum Devices, Manufacture of Medical Devices (Medical Suction/Pressure Units, etc.)
12 ADAN Co., Ltd.	Kagoshima Prefecture Amami City	Skincare products and skincare ingredients based on silk

Agriculture, Forestry & Fisheries/Foods

Company Name	Location	Main Product/Service
1 ISHIBASHIYA Co., Ltd.	Fukuoka Prefecture Omuta City	Healthy Konjac (Noodles/jelly-like) Foods.
2 TANESHO Co., Ltd.	Saga Prefecture Tosu City	Mixed-Grains Products: "21 MULTI GRAINS", "SUPER FOOD 9" Frozen Cooked Rice: "Mixed-Grains Rice Ball", "Dainagon Red Bean Rice" Asian Gyoza (horse mackerel dumplings), Dried Fish Products (Sake Rice)
3 YOSHIMURA CO., LTD.	Saga Prefecture Karatsu City	"Castella" (sponge cake), "Rare Castella", "Okoshi" (Sweet Rice Cracker)
4 Kashuen-moricho Inc.	Nagasaki Prefecture Isahaya City	Wheat Flour, Rice Flour, Buckwheat Flour, PreMixed Flour, Gluten-Free Ingredients.
5 Kumamoto Flour Milling Co., Ltd.	Kumamoto Prefecture Kumamoto City	Oba (Healthy Green Perilla), Aoshiso Denetsu (Green Perilla Juice), Green Perilla-based Noodles (Fine Noodle (somen), Udon/Soba Noodles).
6 Aoshiso Farm Inc.	Kumamoto Prefecture Koshi City	Yogurt / Soft Ice Cream
7 OYABU DAILY FARMS	Kumamoto Prefecture Koshi City	Egg (Bamboo Forest Kaguya Hime Egg-OMEGA3 Natures Egg)-Castella-Pudding
8 Ogata Egg Farm Co., Ltd.	Kumamoto Prefecture Koshi City	Orchid Glass Bouquet
9 Miyagawa Orchid Co., Ltd.	Kumamoto Prefecture Uki City	Ayu-Fish (sweetfish) Sauce, Soy Sauce, Miso Soup, Yuzu Ponzu Vinegar, Rainbow Ramune Lemonade.
10 MARUHARA & Co.	Oita Prefecture Hita City	Barley Shochu, Sake, Wine, Liqueur, Spirits, Brandy, Food Ingredients "GABA"
11 SANWA SHURUI Co., Ltd.	Oita Prefecture Usa City	Beer "TAIYO-no-LAGER" (sunny lager)
12 Miyazaki Hideji Beer Co., Ltd.	Miyazaki Prefecture Nobeoka City	Taro, Sweet Potatoes, Burdock, Carrots
13 Shipukuseika Greenery Inc.	Miyazaki Prefecture Miyakonojo City	"Kuro (Black) Kirishima" and "Aka (Red) Kirishima"
14 Kirishima Shuzo Co., Ltd.	Miyazaki Prefecture Kushima City	Sweet Potatoes
15 Kushima Aoi Farm Co.	Kagoshima Prefecture Kagoshima City	"BURI-OH" (Hamachi/ yellow-tail fish)
16 Azuma-Cho Fishery Cooperative	Nagashima Prefecture Nagashima Town	"TAI-OH" (Madaid/ red sea bream)
17 Makurazaki marine products processing industries cooperative	Makurazaki City	Katsubushi/Katsubushi Shavings, etc.
18 Tarumizu City Fishermen's Cooperative	Kagoshima Prefecture Tarumizu City	Greater Amberjack Fillet - Loin

MAP of Companies in KYUSHU

Listed here are Kyushu-based companies representing the fields of Environment/ Energy, Medical/ Health Care/Cosmetics, and Agriculture/Forestry & Fishery/ Foods under "Strategy for Growth: Kyushu-Okinawa~Kyushu-Okinawa Earth Strategy~" as well as Kyushu-based major industrial fields such as Automobile-related Industry/Semiconductors/Electronics/Information Communication. Also companies with high interest in overseas dealings are listed. Listed are just some of the companies recommended by each prefectural government in Kyushu, Kyushu-based organizations and administrative authorities responsible for each industrial field. Not all the companies in Kyushu are listed. Note: The Kyushu Economy International (KEI) does not guarantee the content or quality of the information regarding the corporate products and services that have been listed.

To know more about any of the listed companies

●As the next phase, KEI is able to introduce the company of your interest to you as the go-between.
※Any company of your interest may refuse to respond to your inquiry at their own discretion.

●After the first introduction by KEI, the company of your interest is requested to correspond with you at their own discretion.
※KEI has no authority to support business-matching and/or any other activities between the company of your interest and you
